GENERAL ALPHABETICAL INDEX

Volume 156 July-December 1961

A

Accounting
Accounting goes to punch cards L.L. Bobo Small systems report Aug. 7 ... *45
By-product benefits augment mechanized billing payoff for San Antonio PS A.L. Schwarz Sept. 11 ... *40
FPC examiner rules on Appalachian tax case (N) Nov. 13 ... 46
How to account for energy in complex interconnections W.R. Brownlee Oct. 23 *42, Nov. 6 ... *5
IPDC computer system can control power interchange billing energy H.B. Kelley Sept. 11 ... *52
'Magnetic imprinting' ups computer 'input' (N) Sept. 18 ... *126
Point Hope cooperative adopts metered billing (N) Aug. 21 ... *58
Prepaid charges save time, money at Kansas G&E Sept. 25 ... *55

Advertising (see also **Public Relations**)
Florida Power Corp. repeats religious signboards in memory of Flanagan (N) Sept. 4 ... *78

Air Conditioning
NEMA plans air conditioning certification (N) Oct. 30 ... 103

Anniversaries
Calder Hall holds anniversary party (N) Oct. 30 ... 114

Appliances
Appliances are moving again (table) Dec. 18 ... 113
Atlantic City Electric prepares appliance service book (N) Sept. 11 ... 78
Atlantic City Electric refrigerator-freezer promotion racks up over 400% of quota (N) Aug. 14 ... 111
Electronics manufacturer to market dishwasher (N) July 3 ... 63
Nebraska bill limits utility merchandising (N) Aug. 14 ... 111
Refrigerators and freezers with thinner walls (N) July 10 ... 85
Thermoelectric market of $3 billion predicted (N) July 17 ... 68

Area Development
Area development programs – industry unity needed (Ed) Dec. 4 ... 63
Depressed rural areas, USA – the projects call for local initiatives– Dateline July 17 ... 3
REA makes first area development program loan to Verendrye Electric Co-op, N. Dak. (N) Sept. 18 ... 101
Rural redevelopment under way (map) (N) Aug. 7 ... 24
Sam Houston Co-op views rural redevelopment – Dateline Aug. 14 ... 3
Utility builds buildings to build business – APCo's program – "Project Decision" Sept. 18 ... 149

Associations
AGA annual meeting sets goals for accelerated sales drive (N) Oct. 16 ... *26
AIEE Fall General Meeting Nov. 20 ... 55
Award winners Nov. 20 ... *56
AIEE, IRE weigh consolidation (N) Oct. 30 ... *52
AIEE Pacific General Meeting Sept. 25 ... *41
AIEE status reviewed by incoming president W.H. Chase Aug. 28 ... *40
AIEE Summer Meeting – report July 17 ... *40
AIF-ANS meeting hears Seaborg on more partnership Nov. 27 ... *34
ASME-AIEE 1961 meeting site will be San Francisco (N) Aug. 7 ... 25
American Institute of Cooperation annual meeting – power sources called main co-op problem Sept. 4 ... 76
Birmingham Conference told coal keeps its power priority Oct. 30 ... *58
Canadian Electrical Assn. told emphasize research (N) July 17 ... 38
Canadian Electrical Manufacturers Assn. annual convention Oct. 16-13, Oct. 23 ... 23
Conference on Energy Sources held (N) Oct. 2 ... *64
Convention Circuit, USA – Saved by the tinkle of Christmas bells – Dateline Dec. 18 ... 3
Ebasco meeting stresses public relations Oct. 23 ... 112
ECNE convention told unify electric space heating selling (chart, map) Nov. 6 ... 60
EEI and AEIC Meter and Service Committees told automatic meter reading costly Oct. 30 ... 74
EEI head cites task: talk up on public role Nov. 6 ... 107
EEI Industrial Relations Committee – 'shared responsibility' keynotes talks (N) Oct. 16 ... 28
EEI interconnection plan called 'timely' by Sec. Udall (N) Sept. 18 ... *99
EEI looks for rise in output by year-end (table) (N) Aug. 21 ... 39
EEI replies to announced TVA rates (N) July 17 ... 37
EEI-sponsored cooking classes for sales personnel (N) Aug. 14 ... *112
EEI 30th semi-annual survey (table) Nov. 6 ... 108
EEI T&D Committee meeting Nov. 20 ... 54
EEI transmission plan – Udal comment raises questions – Dateline Sept. 25 ... 3
EEI unveils $8-billion transmission plan (map & charts) Sept. 11 ... 42
EEI unveils nationwide interconnection plan (Ed) Sept. 11 ... 35
EEI urges support of NEAR program (N) Oct. 23 ... 36
Electric heat association receives support (Ed) Nov. 27 ... 23
Fifth EW Heating Conference
Space heating – whose market shall it be? (Ed) Oct. 16 ... 23
Fifth EW Heating Conference – program Oct. 16. ... *39
see also under Heating
14th Annual Power Distribution Conference (chart) Dec. 4 ... 74
Iowa state 14th annual management conference (N) Nov. 6 ... 59
Correction Nov. 20 ... 98
NELPA 54th annual meeting Oct. 30 ... *56
NELPA gets sales pointers Nov. 20 ... 94
NEMA plans air conditioning certification (N) Oct. 30 ... 103
NEMA – retiring president A.D.R. Fraser honored (N) Nov. 27 ... *24
NEMA 'Statement of Principles' July 3 ... 13
NEMA unveils plans to restore constructive image Nov. 27 ... 13
NEMA Washington meeting takes stock, plans for better future (N) Dec. 18 ... *40
NPPA told Canada treaty tied to California market (N) July 10 ... *56
NRECA regional meetings start (N) Sept. 25 ... *40
NRECA tells administration to get going on public power (N) July 24 ... 27

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet

National Assn. of Railroad & Utilities Commissioners convention Oct. 16 ... *30
National Electric Farm Power conference – Clapp urges sales cooperation (N) Oct. 2 ... *66
National Northern Development Conference hears forecast of giant western grid (N) Oct. 9 ... 28
National Power Confcrence told coordinate research Nov. 6 ... 76
PCEA at Honolulu told steam unit advances (N) Dec. 18 ... 41
PEA annual meeting (N) Oct. 23 ... *41
PEA Prime Movers Committee hears investment puts premium on utility planning, financing (charts) Nov. 13 ... *52
PIP Workshop Conference – 'How do we rate in Washington?' Oct. 9 ... *30
PUA of Virginias elects C.D. Lyon (N) Oct. 2 *126
Public Utility Fleet Managers' Conference July 31 ... 13
RMEL 58th annual convention – Cisler cited (N) Oct. 16 ... *90
RMEL – Line Material's Wheaton appraises utility equipment market place Oct. 9 ... 15
SEE Committees meeting hears industry must train computer operators Nov. 27 ... *29
SEE publishes competitive manual Dec. 11 ... 106
SEE Sales Conference ponders four areas Dec. 18 ... 108
TVPPA Distribution Practices Section meeting Dec. 4 ... *73
United Engineering Center dedicated (N) Nov. 20 ... *49

Atomic Energy (see **Nuclear Power**)

Atomic Energy Commission
Adopts conflict law (N) Nov. 20 ... 98
Drops aid plans (N) Oct. 30 ... 54
Seaborg sees more partnership Nov. 27 ... *34
Weighs sale of nuclear fuel (N) Oct. 23 ... 37

Austria
Battles power surplus (N) Nov. 27 ... *27

Awards
PUAA Better Copy Contest awards (N) July 10 85
Philadelphia Electric president Rincliffe gets PR award (N) July 3 ... 63

B

Batteries
Portable rig minimizes hazards in battery servicing Oct. 2 ... *86

Boilers
B&W recommends once-through boilers on 2,000 psi and up (N) Nov. 6 ... 82
Flash evaporator now operating (N) July 3 ... *51
Potomac Electric orders B&W boilers for new 670-Mw station (N) Oct. 23 ... *107
Scraper cuts labor in cleaning air preheater S.E. Hesson Oct. 16 ... *38

Bonneville Power Administration
BPA-California tie – preference laws asked (N) Aug. 14 ... 68
BPA-California tie – task force backs ±375-kv dc (N, map, tables) Dec. 25 ... 34
California tie – Pacific Northwest skeptical (N) Oct. 9 ... 33
Northwest Power Pact is NELPA topic Oct. 30 ... *56
Pacific Northwest coordination pact ready to sign (N) Sept. 18 ... 98
Public Works Appropriation raps Bonneville's knuckles (N) Oct. 9 ... 28
Regional preference bill drafted (N) Aug. 7 ... 26
To test experimental 460-500-kv conductor (N) Oct. 9 ... *29

Bureau of Reclamation (see **Reclamation Bureau**)

Buses
Commonwealth Ed to receive 95-kv BIL, 6,500-amp bus (N) July 3 ... *50
Unique arrangement cuts vault bus costs W.J. Fransioli Jr. Dec. 18 ... *80

Bushings
Ceramaseal lab tests HV bushings, terminals (N) Nov. 6 ... *83

C

Cables
Brackets speed spacer cable stringing at PS of Colorado G.C. Daggett Aug. 7 ... *33
Delta-Star offers cable, engineering package (N) Nov. 6 ... 87
England, France swap power via dc J.H.M. Sykes (map) Dec. 25 ... *37
English Channel crossing splice completed J.H.M. Sykes July 17 ... *34
Longest oil-filled 115-kv cable ordered (N) Oct. 16 ... *62
New Zealand cable project moves ahead (map) (N) Aug. 28 ... 38
Non-shielded cable leads feed distribution transformers K.L. Menk Aug. 21 ... *44
Power, telephone U/G trial set (N) Aug. 21 ... 40
River-bed cables precisely located Oct. 16 ... *37
X-rays show condition of terminations T.L. Bourbonnais II July 17 ... *46

Canada
Bennett backs down in stock controversy (N) Sept. 25 ... 86
Bennett rejects application of B.C. Power Corp. suit (N) Oct. 16 ... 25
Bennett seizes BC Electric; future hazy for hydro projects (map) (N) Aug. 14 ... *64
B.C. Power sues province (N) Nov. 27 ... 24
British Columbia Power will try to sue province for more money (N) Oct. 2 ... 64
Columbia Treaty battle continues (N, map) Dec. 4 ... *64
Columbia River treaty tied to California market (N) July 10 ... *56
Dc transmission urged for Peace River project (N) July 17 ... 82
Forecast of giant western grid (N) Oct. 9 ... 28
Manufacturers want antitrust changes Oct. 23 ... 23
Northwest Power Pact is NELPA topic Oct. 30 ... *56
Peace River Project moves ahead (N) Sept. 11 38
Portable tower-within-a-tower increases line survey accuracy Aug. 28 ... *70
Premier Bennett and his new power company – Dateline Aug. 21 ... 3
Toronto outage caused by failure of 115-kv OCB (N) Nov. 20 ... 51

Capacitors
'Compacting' fits 100 kvar into 50-kvar rack (N) July 24 ... *48
4-step capacitor switching improves voltage control at Carolina P&L Wayne Burch Sept. 4 ... *46
Line Material seeks capacitor standards (N) Nov. 20 ... 70
Longer transformer use justifies capacitors Dec. 18 ... *49
Pole-line bonding and grounding halt capacitor switch failures Keezer & Henderson (charts & tables) July 24 ... *36
Provide group fusing for 100-kvar capacitor units using tank-rupture curves D.J.Lemens (R) (chart & tables) July 24 ... 34

Capacity Additions
REA-approved generating loans await PUC approvals (N) Oct. 2 ... 65
12th annual electrical industry forecast 1961-1980 A.J. Stegeman (charts & tables) Sept. 18 ... 105
US utilities adding 13 million kw in 1961-EEI 30th semi-annual survey (table) Nov. 6 . 108

Carrier Current (see **Communications, Controls**)

Circuit Breakers
Arizona PS awards breaker contract to GE (N) Oct. 9 ... 50
EE to build 35,000-Mva ACB's (N) Oct. 23 ... *108
Federal Pacific introduces new LV power circuit breakers (N) July 17 ... *53
Integrate field breaker and generator at Florida P&L Port Everglades Plant W.C. Stivers July 17 ... *48
Remote tie breaker firms radial service for Vancouver business area R.C. Willis Nov. 6 *68
S&C 138-kv circuit switcher is field tested (N) Aug. 14 ... 84
Toronto outage caused by failure of 115-kv OCB (N) Nov. 20 ... 51
US firms offer single-tank 69-kv OCB's (N) Oct. 30 ... *76
Vacuum power circuit recloser developed (N) Nov. 20 ... *68

Colorado River Storage Project
Cost issue on upper Colorado lines can be resolved (Ed) July 17 ... 33
Did Congress put strings on Upper Colorado lines? (N) Oct. 2 ... 62
Dominy plans to build controversial transmission lines (N) Nov. 6 ... *57
House approves federal plan for transmission grid (N) Sept. 18 ... 98
Investor-utility plan gains strength in Upper Colorado battle (Ed) Sept. 18 ... 97
Udall vague on Upper Colorado (N) Oct. 16 ... 24
Upper Colorado dispute still simmering (N) Oct. 9 ... 29
Upper Colorado hearings delayed (N) July 31 ... 27
Upper Colorado lines: cooperation or domination? (Ed) Oct. 9 ... 27
Upper Colorado lines test coming (N) July 24 .. 26
Upper Colorado transmission – still a chance (Ed) Sept. 25 ... 35
Utilities win Upper Colorado reprieve (N) Sept. 25 ... *38
Utility plan for Upper Colorado backed (N) Sept. 11 ... 38
Utter confusion on Upper Colorado transmission lines (Ed) July 24 ... 23
What did Congress mean on Upper Colorado – Dateline Oct. 9 ... 3

Communications
Insulated shield wires for carrier Dec. 25 ... *62
M-G set powers radio J.R. Owens Dec. 18 ... *81
Power, telephone U/G trial set (N) Aug. 21 ... 40
Walkie-talkies speed many jobs at Florida P&L Aug. 28 ... *88

Computers
Carolina P&L Goldsboro Unit No. 3 – first automatic coal-fired unit R.S. Talton Aug. 21 ... *41
Compact power supply system developed (N) Dec. 11 ... 83
Condenser computer evaluates performance (N) Sept. 18 ... *126
Core drum memory mated to up computer capability (N) Sept. 25 ... 67
Customer computer service bureau opens (N) Nov. 13 ... 69
Data logging, scanning, alarming, calculating in power plants and substations – report Bruno Zambotti (tables) Nov. 27 ... *35-46
EDP for Public Service E&G Bergen Station (N) July 17 ... *53
IBM announces faster control system (N) Oct. 16 62
IPDC computer system can control power interchange billing energy H.E. Kelley Sept. 11 ... *52
Industry must train computer operators SEE Committees hear Nov. 27 ... *29
'Magnetic imprinting' ups computer 'input' (N) Sept. 18 ... *126
Optical scanner automates computer input (N) Nov. 27 ... 55
PE inaugurates first digital dispatch computer (N) Aug. 28 ... *105
Product service speeded at Westinghouse with computer, teletype (N) July 31 ... *53
Public Service E&G Sewaren Station 342-Mw unit to be controlled automatically R.A. Baker Nov. 13 ... *54
Small computer
Pt. 1 Small computer is versatile engineering tool A.J. Mischnick July 10 ... *64
Pt. 2 Computer approach speeds rate calculations A.D. Baldwin July 10 ... *66
Texas Electric Service orients distribution computer data G.P. Rhoten (charts) Dec. 18 *45

Condensers
Computer evaluates performance (N) Sept. 18 ... *126
New technique salvages condenser tubes W.A. Whitten Oct. 23 ... *92
New tube design plus automated drill mark advances in condenser field (N) July 10 ... *74
Tube corrosion takes many forms V.F. Nole Oct. 9 ... *40

Conductors
Alcoa's dead end assembly for 2.32-in ACSR reported corona-free at 500 kv (N) Sept. 4 ... *52
Anchored spinner speeds spinning Aug. 28 ... *72
BPA to test experimental 460-500-kv conductor (N) Oct. 9 ... *29
Dead-end triplex cables on stone or brick E.R. Ehmke Oct. 23 ... *74
Economic conductor sizing offers distribution savings F.F. Gray (charts & tables) Sept. 25 ... 46
Fourth conductor simplifies reconductoring energized 110-kv lines at Carolina P&L J.L. Upchurch Jr. Dec. 4 ... *80
Hollow conductors permit large motors' air cooling (N) Aug. 21 ... 56
In-span damping cuts vibration C.B. Rawlins (chart) Aug. 21 ... *43
Pre-fab dead end saves time J.E. Healey Aug. 28 ... *74
'Push-out sticks' speed reconductoring Edward Vander Veen July 24 ... *46
Standard reels aid aluminum ACSR handling (R) (tables) Aug. 21 ... 51

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet

Sustained tension verifies single-sleeve ACSR splices Matthysse & Raila (chart) July 31 .. *44
Temperature chart for stadia target simplifies sagging of conductors Hanson & Foehner Aug. 28 ... *68

Connectors
Corona-free connectors proved out (N) Sept. 4.. *52
Solve aluminum connector cold-flow problem Flynn & Rundlett Nov. 6 ... *74

Construction
Adjustable protractor gives pole-line angles E.G. Steffe Oct. 23 ... *80
Aluminum 750-kv tower aims at acceptable design at least cost Williams & Salvetti (tables) Oct. 22 ... *46
Anchored spinner speeds spinning Aug. 28 ... *72
Balloons air-lift pulling line across turbulent straits Aug. 28 ... *65
Boom reaches 140 ft. to place hillside poles Oct. 23 ... *80
Brackets speed spacer cable stringing at PS of Colorado G.C. Daggett Aug. 7 ... *33
Building-block concept utilizes 227/120-V busway for plant lighting and power A.A. Tseng Aug. 14 ... *69
Carolina P&L simplifies reconductoring of energized 110-kv lines with fourth conductor J.L. Upchurch Jr. Dec. 4 ... *80
"Common-plate" method spots wire Oct. 23 ... *81
Con Ed rooftop will support substation, solve space problem July 3 ... 47
Dead-end triplex cables on stone or brick E.R. Ehmke Oct. 23 ... *74
Diving boards simplify pole-top work J.E. La Crosse Nov. 6 ... *69
Electric utility methods – report Aug. 28 *51-100, Oct. 23 *53-102, Dec. 18 ... *53-100
Energized distribution lines now worked barehanded Zimmerman & Rorden Dec. 18... *68
Epoxy hook ladders adopted R.J. Fox Dec. 11 *56
Extensions look good, save pole changeout J.H. Cheatwood Dec. 18 ... *78
FAA rule affects tower height (N) July 10 ... 58
Fiberglasing of poles eliminates pile supports H.D. Mantz Jr. Sept. 4 ... *48
500-kv splice from truck at TVA W.R. Clanton Oct. 23 ... *76
Florida Key co-op designs foundation for quick rebuilding Oct. 16 ... *34
Four Corners steam plant rises to transmit over 345-kv lines T.A. Phillips (tables) July 24 ... *30
Helicopter hauls 200 poles per day with cluster sling J.R. Raub Oct. 23 ... *78
Horizontal insulators squeeze 115-kv feeder into 40-ft R/W for Rochester G&E H.G. Saddock Sept. 25 ... *42
Hudson River crossing erected; long single span (map) July 31 ... *32
Louisiana P&L builds good looks into 115-kv line for built-up urban area H.L. Deloney Nov. 20 ... *58
Mole runs underground trench Aug. 28 ... *70
115-kv wood-pole line with standout insulators fits 10-ft right-of-way Grigsby & Dixon Aug. 14 ... *78
Packaged structures cut 138-kv substation cost Reimers & Newsome July 3 ... *54
Platform aids top work J.R. Owens Dec. 11 ... *76
Power, telephone U/G trial set (N) Aug. 21 ... 40
Pre-fab concrete trench guards cable in Puget Sound industrial park Albert Kaye Aug. 28 .. *47
Pre-fab deadend saves time J.B. Healey Aug. 28 ... *74
Printed drawings save time, labor at Kansas G&E D.W. Palmer Sept. 25 ... *55
Public Utility Fleet Managers' Conference – push toward more mechanization July 31 ... 13
Reactor vessel uses multi-layer construction (N) July 3 ... 52
Sangamo will relocate and expand facilities (N) Sept. 11 ... 61
Simplify heavy deadend tower erection J.R. Owens Dec. 11 ... *76
Structure code saves time in office and field D.W. Palmer Sept. 11 ... *56
Suspend live gang switch to replace pole at Carolina P&L Oct. 23 ... *67
Telescoping platforms speed up transmission line construction J.F. Servis Aug. 21 ... *50
Thermic boring melts concrete Dec. 18 ... 80
Tower-within-a-tower, portable, increases line survey accuracy in Canada Aug. 28 ... *70
Turbine installation time cut with new techniques (N) Aug. 21 ... *54
Turn-key contracts
Implications of the turn-key contract merit serious study (Ed) Sept. 4 ... 33
What does turn-key mean? Pt. I Sept. 4 ... 65
Where does turn-key stand? Pt. II Sept. 11... 71
12th annual electrical industry forecast 1961-1980 A.J. Stegeman (charts & tables) Sept. 18 ... 105
UG construction uses pre-cast units H.D. Axtell – Small systems report (tables) Aug. 7 ... *39
Unique arrangement cuts vault bus costs W.J. Fransioli Jr. Dec. 18 ... *80
Virginia E&P speeds triplex installation with new hardware, tools R.L. Walker Jr. Nov. 27 ... *50
West Penn Power time studies prove 2 and 3-man line crews 15% more efficient E.J. DeChambeau (charts & tables) Sept. 18 102
WUC pad-mount standard defined Nov. 27 ... *90

Controls
Black box tests controls, eliminates plumbing job Dec. 18 ... *90
Carolina P&L Goldsboro Unit No. 3 – first automatic coal-fired unit R.S. Talton Aug. 21 *41
"Common-plate" method spots wire Oct. 23 ... *81
Contactor controls 480-v street lights for Florida Power R.I. McCoy Nov. 20 ... *64
Data logging, scanning, alarming, calculating in power plants and substations – report Bruno Zambotti (tables) Nov. 27 ... *35-46
EDP for Public Service E&G Bergen Station (N) July 17 ... *53
IBM announces faster control system (N) Oct. 16 ... 62
Modify recorders to improve appearance Dec. 18 ... *90
Network analyzer studies speeded by automatic write-out C.A. Belsterling Nov. 6 ... *62
Operating gains from load control Evirs Jr. & MacKinnon – Small systems report Aug. 7 ... *44
PE inaugurates first digital dispatch computer (N) Aug. 28 ... *105
Public Service E&G Sewaren Station 342-Mw unit to be controlled automatically R.A. Baker (tables) Nov. 13 ... *54
TVA awards boiler-control contract to Republic (N) Aug. 14 ... 88
Transistorized burner control D.R. Whitson Sept. 25 ... *58

Cooperatives (see also Rural Electrification Administration)
Arkansas REA co-ops build load with promotion gimmicks Sept. 18 ... *140
Corn Belt Power Cooperative preparing to join Iowa Power Pool (N) July 24 ... 29
Florida judge rules against co-op in territorial case (N) Oct. 16 ... 29
Missouri Basin rival co-ops may file joint application (N) Dec. 4 ... 67
Moon Lake Electric Assn. growing co-op buying Uintah Power & Light – Dateline Sept. 11 ... 3
Point Hope cooperative adopts metered billing (N) Aug. 21 ... *38
Power sources called main co-op problem Sept. 4 ... 76
REA reports continued co-op growth in 1960 (chart) (N) July 24 ... 62
Sam Houston Co-op views rural redevelopment Dateline Aug. 14 ... 3
Small systems report Bruno Zambotti (charts & tables) Aug. 7 ... *35-50
South Dakota – new power service uprising – Dateline Oct. 23 ... 3
Two REA-approved generating loans await PUC approvals (N) Oct. 2 ... 65

Corporate Changes
Bennett seizes BC Electric; future hazy for hydro projects (map) (N) Aug. 14 ... *64
Bennett and his new power company – Dateline Aug. 21 ... 3
Colombia plans to buy subsidiary of A&FP (N) Oct. 16 ... 92
Moon Lake Electric Assn. buying Uintah Power & Light – Dateline Sept. 11 ... 3
Nevada Power Co. new name of Southern Nevada Power Co. (N) July 17 ... 82

Corrosion
Condenser-tube corrosion takes many forms V.F. Nole Oct. 9 ... *40
EEI hears Al corrosion debated Nov. 20 ... 54

D

Defense
NEAR alarm program rushed by Administration (N) Nov. 6 ... *56
NEAR – confusion reigns – 1961 year-end report Dec. 25 ... *52
NEAR – government moving ahead with studies (N) Dec. 18 ... 36
NEAR program – EEI urges support (N) Oct. 23 ... 36
NEAR program puts utilities on the spot (Ed) Nov. 13 ... 45
NEAR program status still cloudy (N) Dec. 18. *36
NEAR system details and tests released in OCD final report (map) Dec. 4 ... *68
OCD aims for NEAR in several states (N) Nov. 20 ... *48
OCD backs off on wiring NEAR devices (N) Nov. 13 ... 48
OCD spells out division of responsibilities for NEAR (N) Nov. 27 ... 26
Washington finds shelter in unexpected places (Ed) Aug. 21 ... 35

Diesel Power
Diesel plays dual role at Iowa Electric L&P automatic remote-controlled plant Herbert Henderson July 10 ... *59

Distribution
Aerial tower cuts connector maintenance cost E.S. Webb Dec. 18 ... *82
Bare-hand technique not for distribution C.C. Crockett July 31 ... 43
Distribution focuses on service reliability – AIEE Summer Meeting report July 17 ... 85
Economic conductor sizing offers distribution savings F.F. Gray (charts & tables) Sept. 25 46
Energized distribution lines now worked barehanded Zimmerman & Rorden Dec. 18 ... *68
FPC expands production of network protectors (N) Dec. 25 ... *40
Find energy cost from feeder load factor R.A. Dewberry (R) (charts) Sept. 4 ... 49
Florida Key co-op designs foundations for quick rebuilding Oct. 16 ... *34
Florida Keys co-op firms up distribution against salt-air effects to permit voltage hike Phillips & McLean Oct. 30 ... *64
Growth factor extends loss evaluation to feeder life R.A. Dewberry (R) Nov. 13 ... 66
Higher residential service voltage faces crisis (Ed) Oct. 30 ... 51
Joint-pole use cuts underground cost J.A. Frisbie Aug. 28 ... *45
NYC-PSC wrangle breaks out over recommended changes for system (N) Sept. 4 ... 39
New York Commission rapped by city aide (N) Aug. 7 ... 26
Non-shielded cable leads feed distribution transformers K.L. Menk Aug. 21 ... *44
Oklahoma – Weleetka leases distribution system to PS of Oklahoma (N) Sept. 25 ... 87
Pole-line bonding and grounding halt capacitor switch failures Keezer & Henderson (charts & tables) July 24 ... *36
PVC pipe outlasts encased duct in Tampa Electric's downtown network system Harry Horter July 3 ... *42
Pre-fab concrete trench guards cable in Puget Sound industrial park Albert Kaye Aug. 28 .. *47
Protector fuses meet close limits in low-voltage secondary networks H.H. Lawson (charts & table) Oct. 9 ... 38
Quick-trip' scheme fails to allow for tree faults, relaying urged – AIEE meeting Sept. 25 ... *41
Small systems report Bruno Zambotti (charts & tables) Aug. 7 ... *35-50
Maintenance practices survey Aug. 7 ... 36
UG construction uses pre-cast units H.D. Axtell Aug. 7 ... 39
Stamford, Conn. area study favors 13-kv distribution conversion (charts, map) Oct. 23 ... 48
Texas Electric Service orients distribution computer data G.P. Rhoten (charts) Dec. 18 *45
Toronto outage caused by failure of 115-kv OCB (N) Nov. 20 ... 51

Single stage pump/turbine will pump to 1200 ft. (N) Sept. 25 67
To build 35,000-Mva ABC's (N) Oct. 23 ..... *108

Eugene Water & Electric Board – Feuding over right to acquire Pacific P&L service area – Dateline Oct. 16 3
UG construction uses pre-cast units H.D. Axtell (tables) Aug. 7 ..... *39

Federal Pacific Electric Co. – Capacitor 'compacting' fits 100 kvar into 50-kvar rack (N) July 24 ..... *48
Expands production of network protectors (N) Dec. 25 ..... *40
HV facility now in full operation (N) Oct. 16 ..... *58
Introduces new LV power circuit breakers (N) July 17 ..... *53
69-kv single-tank OCB's (N) Oct. 30 ..... *76

Fitchburg Gas & Electric Light Co. – Operating gains from load control Evirs Jr. & MacKinnon Aug. 7 ..... *44

Florida Keys Electric Cooperative Assn. – Firms up distribution against salt-air effects to permit voltage hike Phillips & McLean Oct. 30 ..... *64
Foundations designed for quick rebuilding Oct. 16 ..... *34

Florida Power Corp. – Contactor controls 480-v street lights R.J. McCoy Nov. 20 ..... *64
Modifies amphibious vehicles for line maintenance C.C. Rousseau July 3 ..... *47
Quality resistors simplify meter conversion A.W. Shaver Aug. 28 ..... *94
Religious signboards repeated in memory of Flanagan (N) Sept. 4 ..... *78
Street lighting is permanent, economical R.J. McCoy Nov. 6 ..... *74
Utilities form operating group (N, map) Dec. 11 52
Walkie-talkies speed many jobs Aug. 28 ..... *88

Florida Power & Light Co. – Fiberglasing of poles eliminates pile supports H.D. Mantz Jr. Sept. 4 ..... *48
Integrate field breaker and generator at Port Everglades Plant W.C. Stivers July 17 ..... *48
Power plant auxiliaries get better protection C.W. Cogburn July 10 ..... *61
Utilities form operating group (N, map) Dec. 11 52

Flynn, Michael Manufacturing Co. – Testing center built for guyed-V aluminum towers (N) Nov. 6 85

Franklin Institute Laboratories – Network analyzer studies speeded by automatic write-out C.A. Belsterling Nov. 6 ..... *62

General Dynamics Corp. – Electromagnetic forming machine developed (N) Dec. 11 83

General Electric Co. – Arizona PS breaker contract (N) Oct. 9 50
Automatic meter reading not 'just around corner' M.W. Hellar Jr. Dec. 18 ..... *42
Awarded contract for Pepco's Chalk Point (N) Oct. 30 84
Capacitor 'compacting' fits 100 kvar into 50-kvar rack (N) July 24 ..... *48
Cordiner, R.J. still the boss Aug. 14 23

Flexible demand register cuts metering cost D.M. Ham July 24 ..... *43
Medallion Homes display in Detroit, Mich. (N) July 24 45
Mobile subs double capacity per pound (N) Dec. 11 ..... *80
New facility for sea water distillation (N) Nov. 6 85
Offers line of atomic plants to 500 Mw (N) Aug. 21 ..... *58
Offers more time to file suits (N) Dec. 18 38
OG&E combined-cycle unit offers 4% gain in efficiency McKone, Mellor & others Aug. 14 ..... *72
Phillippe, Gerald L. named new president (N) Aug. 7 ..... *28

Project EHV
Alcoa's deadend assembly for 2.32-in. ACSR reported corona-free at 500 kv (N) Sept. 4 ..... *52
Aluminum 750-kv tower aims at acceptable design at least cost Williams & Salvetti (tables) Oct. 23 ..... *46

Protector fuses meet close limits in low-voltage secondary networks H.H. Lawson (charts & table) Oct. 9 38
Shifts to 65C low-loss pole-top transformer (table) (N) Aug. 7 62
Transformer designs cut weight, dimensions (N) Sept. 11 ..... *58
Vacuum power circuit recloser developed (N) Nov. 20 ..... *68

Georgia Power Co. – Citizens charge discrimination (N) July 24 45
115-kv overhead line brings 200 Mw along city streets D.R. Williamson July 17 ..... *44
Seeks Flint River study permit (N) Nov. 13 49
Sharp increase in all-electric apartments seen in Georgia J.W. Lamb Oct. 9 (table) *74
Simple detector spots crossed conductor S.E. Wilson Nov. 13 ..... *65

Glastic Corp. – Lower prices, higher properties now listed for Class H rod (N) Dec. 11 85

Goodyear Atomic Corp. – Computer system can control power interchange billing energy H.E. Kelley Sept. 11 ..... *52

Gulf States Utilities Co. – New technique salvages condenser tubes Oct. 23 ..... *92

Hartford Electric Light Co. – Stamford, Conn. area study favors 13-kv distribution conversion (charts, map) Oct. 23 48
Street-light surveys sell towns on code lighting R.H. Chase (charts & tables) Nov. 20 60

High Temperature Reactor Development Associates (HTRDA) – Peach Bottom HTGR to have carbon-steel vessel Bosworth & Rickard Dec. 4 ..... *75

Hi-Voltage Equipment Co. – HV seminar to be repeated (N) Oct. 2 ..... *90
Seminar to cover system overvoltages (N) Dec. 25 ..... *40

Hoosier Cooperative Energy, Inc. – Indiana utilities fight project (N) July 10 57
Schiff, J.J. wages one-man war against record REA loan (N) Aug. 21 ..... *37

Houston Lighting & Power Co. – Installs relaying for high load densities C.S. Kayser (chart) Aug. 21 ..... *46
Negotiations with Navy continue as race question comes up (N) July 31 26

Hydro-Electric Power Comm. of Ontario – Heating cost narrowed (N) Oct. 9 79

Idaho Power Co. – Chart shows % voltage drop at 12,470 v E.W. Arndt (R) Oct. 2 85
Oxbow Dam completed (N) Dec. 11 ..... *112
Telescoping platforms speed up transmission line construction J.F. Servis Aug. 21 ..... *50

Illinois Bell Telephone Co. – Power, telephone U/G trial set (N) Aug. 21 40

Illinois Power Co. – Announces 345-kv tie with AEP (N, map) Dec. 11 53

Illinois Rural Electric Co. – Disaster aid stresses prior planning S.R. Faris Aug. 7 ..... *49

Indiana & Michigan Electric Co. – Portable cage permits safe testing of extinguishers Richard Elsen Oct. 2 ..... *86
Slide chart aids in paralleling transformers Wayne Polsley July 10 ..... *63

Indianapolis Power & Light Co. – Fly-ash used in paving Dec. 18 81

International Business Machines Corp. – Announces faster control system (N) Oct. 16 62

Iowa Electric Light & Power Co. – Diesel fulfills dual need Herbert Henderson July 10 ..... *59
Sunlight meters help dispatcher forecast load J.W. Young Aug. 28 ..... *78

Iowa Public Service Co. – Reduces rates (N) Oct. 30 103

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet

I-T-E Circuit Breaker Co. – Offers single-tank 69-kv CB's (N) Oct. 30 ... *76
